

Technical Specification

For the purchase of licenses for Blue Prism software.

Blue Prism software is used as the main platform for RPA-based process automation within Metinvest Group.

The main requirements for participants are:

- Blue Prism authorization to supply licenses

License specification:

Description	License keys for using one virtual machine in 24/7 mode for one calendar year;
Quantity	3 licenses
License validity period	1 year from the date of activation
Expiry date of the current licenses	02.12.2026
Delivery date of new licenses	License activation files must be provided no later than 5 business days before the activation date of the new licenses
Activation date of new licenses	03.12.2026

Under the agreement, the licenses will be purchased as a single batch. All licenses will be activated simultaneously in December 2026.

Requirements for the tender proposal:

The proposal must be prepared on the company letterhead and include the following information:

- cost excluding VAT
- exchange rate adjustment of +/- 5%, under which the price is subject to recalculation
- validity period of the tender proposal - at least 2 months from the date of submission of the tender proposal.
- a copy of the tender proposal must be signed by the head of the organization or another duly authorized person and certified with the organization's seal.
- payment terms: deferred payment is preferred.
- terms and mechanism for license delivery.

During preparation of the tender proposal, the Participant's specialists, if necessary, consult with the Customer's specialists to clarify the terms of the Technical Specification.
